Assignment 2 Rubrics

Part A (40%)

Component	10-8	7-5	4-2	1-0	Marks
Methods and Results Interpretation	Each validation method is applied correctly and explained concisely	Each validation method is applied but fairly explained	Both validation methods are applied but only one method is correctly applied. Incomplete or minimally explained	Both methods are incorrectly applied. Only one method is applied or not explained clearly	X25
	The result is clearly explained, and insights can be derived and discussed clearly	The result is fairly explained, and insights can be derived but fairly discussed	The result and insights are minimally explained	The result and insights are poorly presented or absent	
Evaluation of the methods	The comparison and summary of the chosen method is justified clearly	The comparison and summary of the chosen method is fairly explained	The comparison and summary of the chosen method is simply there without explanation	The comparison and summary of the chosen method is barely present	X10
Clarity/Writing/ Deliverable	Accurate, clear and concise language used throughout the paper. Writes effective sentences that make logical sense.	Most writing was accurate, clear and concise. Writes reasonable effective sentences that generally makes logical sense	Some writing was inaccurate on unclear. Some of the sentences are ineffective, points are often jumpy and do not make logical sense	Writing was often inaccurate and unclear. Many sentences do not make logical sense. Gives some new information/point but poorly organised	X5
				Total	40

Part B (60%)

Component	10-8	7-5	4-2	1-0	Marks
Methods	The technique is applied correctly and explained concisely Visualization is clear and precise	The technique is applied but fairly explained Visualization is inconsistent and not clear	The technique is correctly applied but incomplete or minimally explained Visualization is partially there	The technique is incorrectly applied and not explained Visualization is absent	X30
Results and discussion	The results are clearly explained, and insights can be derived and discussed clearly	The results are fairly explained, and insights can be derived but fairly discussed	The results and insights are minimally explained	The results and insights are poorly presented or absent	X20
Conclusion from the experiment	The conclusion contains a comprehensive summary	The conclusion is a fairly complete summary	The conclusion is of simplistic summary	The conclusion is absent	X5
Clarity/Writing/ Deliverable /References	Accurate, clear and concise language used throughout the paper. Writes effective sentences that make logical sense.	Most writing was accurate, clear and concise. Writes reasonable effective sentences that generally makes logical sense	Some writing was inaccurate on unclear. Some of the sentences are ineffective, points are often jumpy and do not make logical sense	Writing was often inaccurate and unclear. Many sentences do not make logical sense. Gives some new information/point but poorly organised	X5
